# TO THE TRADE.

WE take pleasure in presenting herewith a catalogue of our stock, in which we have aimed to place within the reach of the **Dry Goods, Notion and Furnishing Goods Trade** a ready reference book, for convenience in ordering, which we believe every merchant will readily appreciate, and find valuable.

This book is of necessity only a glossary of our vast stock, giving descriptions of the **leading styles** in every line, and omitting many of approximate character and value, to prevent a confusing quantity, yet giving good assortments to select from.

Our connections in the manufacturing districts in this country and Europe keep us constantly supplied with novelities as they appear, we aim to always place before our trade the **newest and best**. By superior assortments we hope to secure the **best trade**, and enable the satisfactory replenishing of stock at all seasons of the year.

From our long and intimate knowledge of the business, and with the advantage of buying the largest quantities direct from the manufacturers for cash only, we can safely assure the **very lowest prices**.

Our principle to charge all articles at the **lowest possible price** insures the benefit of **market changes** at all times, and our customers can feel assured that, should competition cause lower prices to be made than are quoted herein we will certainly meet them, with a strong probability of a deeper cut, of which full advantage will be given without previous notice.

Owing to frequent market fluctuations, we have been compelled to omit quotations on some goods, notably staple, which will be furnished with pleasure upon application. All quotations are subject to market changes without notice.

We respectfully solicit your orders or a visit of personal inspection.

Yours truly,

**RICE, STIX & CO.,**  
ST. LOUIS, MO.
